

# Whitepaper

## CRYPTO COLLECTOR CLUB DEFINITION

- The place to be for nft hodlers that want to have a more meaningful interaction with their investments.
- A club that unifies like minded communities from different projects across the metaverse.
- An NFT crowdfunding platform that helps crypto driven projects to get funds for marketing, development and other expenses.
- An exciting platform to learn about other coins.

## NFT ENTRANCE CARDS

NFT's that offer IRL opportunities:

the cards are related to a specific project and offer access to private discord channels within the CCC server.

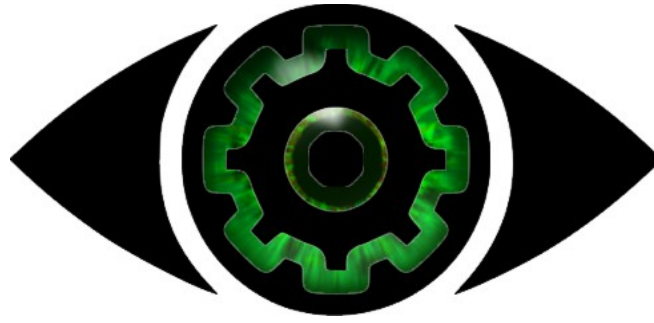

the private areas all have different perks, competitions, giveaways and/or other promotions for their members.

with the exception of the vip entrance card, that offers access to all participating and future project areas!

## NFT COLLECTOR CARDS

Collectible art from various other coins that are more limited in mints, providing scarcity to its uniqueness.

Do not possess IRL benefits like the "ENTRANCE CARD" but do support the CCC project fund.

## VISION

- Increasing awareness and recognition of blockchain technology and scale the crypto community.
- Help our partners in raising funds for their project development.
- Linking innovative projects around the globe into one unified community.

## MINTING AND DISTRIBUTION

- Blockchain: polygon (matic)
- nft type: erc 1155
- collection name: crypto collector club
- sale split: 95% project - 5% artist
- Limitations: max. 550 entrance cards will be minted per project.

### Distribution:

- Projects can acquire up to 500 NFT's.
- 10% is additionally minted to the CCC project.
- The NFT's are instantly sent towards the projects team, who can set its own sale price on the market.

## WHAT WE EXPECT FROM OUR PARTNERS

- Anyone that owns a CCC nft is your special guest, you should treat them with honor and greatest respect. they are the pioneers that fund your foundation and who have faith in your succes, and thus deserve your most attention.
- Keep your discord channel active and interesting.
- Maintain one or more articles with backlinks on your project's website to the CCC website.

## LISTING APPLICATION

- New projects that want to participate in the collection can reach out trough telegram or discord.
- After review and if the projects meets our standards, an NFT will be designed and the necessary channels created.
